**RE: NONCOMPLIANCE WITH 2011 CONSUMER CONFIDENCE REPORT (CCR)
Clark Street Community Well**

Dear Ms. Eoff:

Attached you will find a Citation No. 03-19-13C-031 that the Department of Public Health is issuing to the Clark Street Community Well Water System (hereinafter Water System) to document the Water System's noncompliance with the Consumer Confidence Report (CCR) requirements as specified in the California Health & Safety Code (CHSC) and Title 22, California Code of Regulations (details provided in Citation No. 03-19-13C-031).

Based on review of our files, the Water System has failed to provide its customers with the CCR for the year 2011. By a letter dated January 11, 2013, the Department notified the Water System about this noncompliance issue and requested submittal of the 2011 Consumer Confidence Report and Certification Form by January 22, 2013.

Please note that a written response to the Citation is required by March 8, 2013. In addition, the Citation includes several directives and deadlines. Failure to comply with the citation directives will result in additional enforcement action including civil penalty. If you have any questions concerning any directive of the Citation, please call Osiel Jaime with this office at (661) 335-7347.

Sincerely,

Jaswinder S. Dhaliwal, P.E.

IN RE: **CLARK STREET COMMUNITY WELL**
 Water System No. 1502056

TO: Debbie Eoff, Bookkeeper

BY REGISTERED MAIL

**CITATION FOR NONCOMPLIANCE – Water System No. 1502056
2011 CONSUMER CONFIDENCE REPORT**

Citation No. 03-19-13C-031

Issued on February 8, 2013

Section 116650, Chapter 4 of the California Health and Safety Code (CHSC), authorizes the issuance of a Citation for failure to comply with a requirement of any section of the California Safe Drinking Water Act, or any regulation, standard, permit, or order issued thereunder.

VIOLATION

The Drinking Water Field Operations Branch of the California Department of Public Health (hereinafter "Department") hereby issues a Citation to Clark Street Community Well Water System (hereinafter "Water System"), for failure to comply with Section 116470 of the CHSC, and Section 64480.(a), Section 64483.(a) and Section 64483.(c) of Title 22, California Code of Regulations. Specifically, the Water System failed to distribute by July 1, 2012, a Consumer Confidence Report (CCR) to each water system customer providing specific information on the water quality served to consumers during the year 2011.

1
2 **Section 116470.(a) Consumer Confidence Report**

3 Section 116470.(a), CHSC, specifies that as a condition of its operating permit, every public
4 water system shall annually prepare a consumer confidence report and mail or deliver a
5 copy of that report to each customer.

6
7 **Section 64480.(a) Consumer Confidence Report – Applicability and Distribution**

8 Section 64480.(a), Title 22, California Code of Regulations, specifies that each community
9 and nontransient-noncommunity water system shall prepare and deliver the first Consumer
10 Confidence Report by July 1, 2001, and subsequent reports by July 1 annually thereafter.

11
12 **Section 64483.(a) Consumer Confidence Report Delivery and Record Keeping**

13 Specifies that each water system shall mail or directly deliver one copy of the Consumer
14 Confidence Report to each customer.

15
16 **Section 64483.(c) Consumer Confidence Report Delivery and Record Keeping**

17 Specifies that no later than the date the water system is required to distribute the Consumer
18 Confidence Report to its customers, each water system shall mail a copy of the report to the
19 Department, followed within three (3) months by a certification that the report has been
20 distributed to customers, and that the information is correct and consistent with the
21 compliance monitoring data previously submitted to the Department.

22
23 As described in Section 64481, Title 22, California Code of Regulations, the CCR is to
24 provide, as a minimum, source of water purveyed by the public water system, specific
25 information on concentrations of microbiological contaminants, minerals, physical agents,
26 inorganic chemicals, organic chemicals, radioactivity, sodium, hardness, disinfection by-
27 products, detected in the water supply, origin of contaminants detected in the water;

1 explanation of any MCL violation of the primary drinking water standard, enforcement
2 actions, monitoring & reporting violations, statement of health concerns, terms of a
3 variance or exemption (if any granted to the water system), contact information of water
4 system designee for additional information concerning the report. Regulations requiring
5 community and nontransient noncommunity water supply systems in California to provide a
6 CCR to customers were adopted and effective on May 26, 2001.

7
8 A review of the Department's records indicates that the Department has not received a copy
9 of the 2011 Consumer Confidence Report and Certification Form (2011 CCR provided to
10 customers by the Water System and certification to the Department that 2011 CCR has been
11 distributed to customers). **Therefore, the Department has determined that the Water**
12 **System is in violation of the CCR requirement.** In addition, the Water System is still
13 required to provide a CCR to its customers and mail a copy along with the CCR
14 Certification Form to the Department for the year 2012, which are due no later than July 1,
15 2013 and July 31, 2013, as described under the Directives.

16
17 By a letter dated January 11, 2013, the Department requested a copy of the 2011 Consumer
18 Confidence Report and Certification Form. The Department has not received a copy of the
19 2011 Consumer Confidence Report and Certification Form from the Water System and,
20 therefore, finds the Water System to be in violation of this requirement.

21
22 The above violations are classified as non continuing violations.

DIRECTIVES

Clark Street Community Well is hereby directed to take the following actions:
